

COVID-19 Advice for community language schools - Update 20 July 2021

Dear community language schools, principals and staff,

Today, the Premier announced an extension of the current lockdown period in Victoria. The restrictions will continue for a **further seven-days** until **Tuesday, 27 July** at 11.59pm.

During this period community language schools **must continue to deliver their language programs remotely**, in line with the advice issued by Victoria's Chief Health Officer.

The Department will be in touch with further updates as they come to hand.

Kind regards

\Community Language Schools Program
